

This school has a CLA Licence enabling staff and pupils to copy extracts, within clearly defined limits, from books, journals and magazines published in the UK, Australia, Austria, Canada (including Quebec), Denmark, Finland, France, Germany, Greece, Hong Kong, Iceland, Ireland, Jamaica, Liechtenstein, The Netherlands, New Zealand, Norway, Singapore, South Africa, Spain, Sweden, Switzerland and the USA*

What the Licence covers

The Licence permits the copying of extracts from all books, journals and magazines published in the UK (and the other countries listed above) except those shown on the Excluded Categories and Works List.

All staff and pupils at this establishment are licensed to make copies provided they comply with the licence terms and conditions.

The main limitations are as follows:

No copying may exceed 5% of the published volume or issue or, if greater:

- **one complete chapter from a book,**
- **or one article** from a journal or periodical,
- **or a short story or poem not exceeding 10 pages in length** published in the above listed countries.

No systematic or repeated copying of the same material which would breach the above limitations is permitted during any one course of study/module, i.e. *progressively* copying more than the above limitations for the same class of pupils.

The Licence also permits copying of artistic works contained within publications covered by the Licence. Subject to the availability of commercial editions, the creation of enlarged copies and copies onto acetate are also permitted. The same limitations (above) apply to these copying types.

It is a condition of the Licence that the number of multiple copies of a single item of Copyright Material shall not exceed the number needed to ensure that the teacher and each member of a class has one copy only. Copies may also be made for meetings of parents or governors.

Details on photocopying for use by visually-impaired pupils and staff can be found in the CLA *Explanatory Leaflet*, the Licence or on the CLA website. No recording of copying is required under the Licence. If a school is selected to log its copying (either via a survey or record-keeping forms) CLA will contact the school directly about this separately.

What the Licence does not cover

All the items on the Excluded Categories and Works List as well as the following specific categories:

- **Printed Music** (including the words)
- **Newspapers**
- **Maps, charts, or books of tables**
- **Correspondence Courses**
- **Publications which specifically say they are not to be copied under the CLA Licence**
- **Published examination papers and published tests**
- **Hymns**
- **Workbooks, workcards or assignment sheets**
- **Privately prepared teaching material**
- **'Copy Permitted' publications** (these are sold with a licence from the publisher permitting copying to the extent indicated on the publication)

(Note: some of these categories may be covered by other licences held by the school.)

The **Excluded Categories and Works List** should be on display next to all copiers in the school and is available on the CLA website. Permission to copy excluded items or quantities in excess of the above stated limits should be sought from the rightsholder (publisher, author or artist) on each occasion.

It is good practice that copies are identified with the details of **author, title, publisher and ISBN/ISSN** at the foot of each page so that the source of extracts taken from books, journals and periodicals is acknowledged.

*A list of the American publishers who are covered by the CLA Licence is available upon request and is on the CLA website.

This document is intended for guidance only and not as a substitute for the Licence terms themselves. In the event of conflict between the two, the Licence shall prevail.
